There have been a lot of questions about 9/11 so I wanted to confirm – American Crossroads and Crossroads GPS **are okay to air on 9/11**.  
All spots scheduled on 9/11 should remain as ordered.

Thank you.

Hello: We need to make a small change to **American Crossroads Estimate #690** and **Crossroads GPS Estimate #763** which are currently scheduled for September 4-13.

We need to change the flight dates to **September 5-14**, so ideally we would like to just move all spots currently scheduled for September 4 onto September 14, same time periods where possible, and the rest of the schedule can stay intact. Dollar totals should remain the same.

This applies to all markets included on each of these estimates.

Please send makegood packages for us to approve by **COB Wednesday 8/29**. Let us know if you have any questions.

Thank you,
